

"IIT. That's where I long to belong."

You dream of belonging on an IIT Campus. A member of that revered band of engineers-in-the-making. Each one determined to blaze a trail somewhere in the future.

We, at Brilliant, understand and applaud your dream. For over three decades now we've been assisting students like you in realising that ultimate dream. Because we know that it takes much more than dreaming to approach the daunting **IIT-JEE** with confidence.

In this battle fought by over 20.0 lakh contestants for the Main exam alone followed by about 2 lakh aspirants for a few thousand seats in the IITs, you need to select the winning weapons. Brilliant's Correspondence Courses for students of Standard XII have been developed and honed over several decades. They are power-packed with theory and worked examples, with assignments comprised of problems in varying grades of complexity. There are also Unit Tests to help you evaluate the progress of your preparation, a Doubt Letter Scheme to help clear your doubts at any point during the course, and the famed B. MAT - Brilliant's Mock All-India Test Series to evaluate you against thousands of contestants all over India for the Exams.

Brilliant e-tutor: And now, for the first time ever, Brilliant is proud to present a series of video lectures by the very same professors who have committed themselves to your success over the years. Over 175 hours of lectures, all designed to be in sync with the study material and uploaded at the same time as the corresponding module. Watch these lectures at your convenience without concern about having missed a live class.

This is the first time in our 50 year history that we are offering this option because we believe it to be in our students' best interests. We hope you will take full benefit of this offer.

A formidable arsenal of study material and support services to help you take on the IIT-JEE with justified confidence. And get you where you long to belong

Further, in response to requests from several parents and students who wish to appear for both, the IIT-JEE and NEET-UG, after the Class 12 Board Exams, we also offer you the option of receiving our study material and Videolectures for Biology for the NEET-UG Exam along with your study material in Physics, Chemistry and Mathematics for the IIT-JEE (Main and Advanced). This will facilitate your preparation for both the Engineering and Medical Entrance Exams right from Class 11.

If you decide to exercise this option, you will receive the Biology study material at the same time as the IIT-JEE material, according to the dispatch schedule given below. You will also be eligible for the online Test Series in Biology that our NEET-UG students will be administered.

To receive the Biology material all you have to do is to choose that option on the application for enrolment and return it to us with the payment details. Its as easy as that!

We look forward to hearing from you soon.

With our very best wishes always,

The Management and Faculty

Brilliant Learning Solutions Pvt. Ltd.

Welcome to Brilliant!

1. Enrolment for our One-Year course towards the IIT-JEE (Main and Advanced) opens in January of the year the student will enter Std. XII.
2. Despatch of course material begins in April / May to be in sync with the school academic year.
 - Students who enroll after despatch has begun, will be sent all material due until the date of enrolment in one lot. Subsequent despatches will be as per the Schedule.
3. Material is usually sent monthly by Registered Parcel Post.
4. The corresponding video lecture will be uploaded at the same time as the material is despatched. Instructions for accessing the lectures will be sent to all students who opt to receive the videotaped lectures.
5. The despatch of study material for each course will be completed one month prior to the actual examination.
6. All enrolled students will be sent a user id and password with instructions on how to access the online Tests.
7. All enrolled students will be also be sent a circular and schedule prior to the commencement of the Online Tests.
8. For fees and other information specific to each course, please refer to the attached information and application for enrolment.

Note: There are two applications for enrolment attached – one for the correspondence course only; the other for Brilliant e-tutor which includes the videotaped lectures. Please use the appropriate form.
